How to ride a local bus (from Tsukuba Center to CCS)

1. **Take the bus from #6 bus stop** at Tsukuba Center bus terminal.
2. **Get on the bus** from the back door. When you get on, **take a number ticket (small paper)** from a small machine next to the door. [If you use IC card (SUICA, PASMO), you need

to touch your card to the sensor, instead of taking the number ticket.]

3. **Push button** near the seat when you hear an announcement of the bus stop you are getting off, to notify the driver.
4. **Prepare exact fare, 270 yen.** If you do not have exact fare, prepare exact fare using the changing machine close to the driver. The changing machine accepts 1000 yen bills and 500, 100, 50 yen coins.
5. **Pay when you get off.** Put in the number ticket first, and then put in the exact fare (270 yen). [If you use IC card, touch your card on the IC-reader near the driver.]
